Earn Your Public Health Merit Badge

Thursday, April 12, 2012 at 6:30 pm
Government Services Center

The Chester County Health Department and the Chester County Boy Scouts of America work together to promote a day for scouts to earn a public health merit badge. This annual event includes a public health speaker and interactive booths with hands-on activities on sources of lead, environmental toxins in the community, and nutrition.

Scouts will receive certificates of participation and instructions on how to complete the remaining components of the badge.

Call 610-344-6490 or email cchd@chesco.org for more information.
