

Operational Plan ♦ Summer 2021
Camp John H. Ware, Horseshoe Scout Reservation
Chester County Council, BSA

April 1, 2021

Thank you for registering to attend Camp John H. Ware 3rd this summer. We are looking forward to seeing you in a few short months.

We are aware that things regarding COVID-19 are still fluid, and we are making updates to policies as they are announced by the Commonwealth of PA. The Health and Safety of all our guests and staff are at the forefront of these decisions. This document was put together to help answer your questions about Cub Scout Overnight camp at Camp John H Ware 3rd for the summer of 2021. This plan is what will be used moving forward and will be updated as the situation dictates.

It is important to note that even with this plan in place, we cannot guarantee that COVID-19 will not impact our summer program or participants. We ask that families evaluate their decision to attend based on their own, personal situations. The goal of the camp administration is to have a program that resembles the traditional Camp Ware program we all know and love, but please understand that changes had to be made for this year in order to comply with the CDC and Commonwealth of PA guidelines.

- ~~— Per the PA Department of Health, all non-PA residents must receive a negative COVID-19 test within 72 hours of arrival, including those that have been vaccinated. Rapid tests will be made available upon arrival. These will be provided via pre-order at cost to the participant. (Removed 3/1/2021)~~

Camp Sites:

- Camp provided canvas tents can also sleep two people, alternating head to toe.
- We will do our best to have extra tents to provide to your troop. However, it may be necessary for your pack to provide additional tents should your sleeping requirements differ.
- Beds, cots, and mattresses will be cleaned after each session. If your unit prefers not to use the camp supplied items, there will be an area in the campsite they can be secured for the week.

Mask Policy Memo ♦ Summer 2021

Horseshoe Scout Reservation

April 1, 2021

There have been a number of questions about the masking and social distancing policies that we plan to implement at the Horseshoe Scout Reservation this summer. This memo is meant to clarify this plan and the reasoning behind it.

As of today, the policy on the Horseshoe Scout Reservation is that all persons on the camp property are required to wear a facemask which covers the nose and mouth if they cannot socially distance from others. Current guidelines state that 3 feet of separation while wearing a mask seems to be as effective as the previous guideline of 6 feet.

The only two exceptions to this policy will pertain specifically to individuals using the pools and while sleeping. Masks are not required while swimming or in the enclosed area of the pool deck while social distancing is maintained. Masks are not required while sleeping.

Some have asked questions about whether our current safety measures apply to individuals that have been fully vaccinated. In brief, the answer is yes. Given the still evolving understanding of the science related to these vaccines and the difficulty of enforcing different rules for different people who attend the camp, we are not relaxing any of our safety protocols at this time based on individuals' vaccination status when they are in a public area of the camp. We know that the vaccines protect against severe symptoms and hospitalization from COVID. There is not enough information to say with certainty whether vaccines prevent asymptomatic carriers, a contagious state and therefore the ability to transmit the virus. In addition, recent CDC guidance indicates that it is safe for vaccinated individuals to socialize with each other, even unmasked. However, those guidelines do not include public places. In the future, our understanding regarding the vaccine's effectiveness as to these points may change and we may be able to change our current policy, but we are not yet at that point.

Finally, various individuals have different expectations and concerns regarding COVID. No matter what our policy is at the time camp opens this summer, we all must be sensitive to each other and respect another person's comfort level with COVID precautions. We will have a policy that sets our minimum standards for behavior, but if someone wishes to take additional measures to protect themselves, we will be respectful of their decision.

In summary, we are excited to offer a summer camping experience at Horseshoe. We will conduct this summer season in the safest way we can for all of our scouts, scouters, and staff. We are required to follow all public health measures in order to open our camp and we will follow the guidance of the CDC and state agencies, whichever is stricter. We will continue to monitor the situation and will let you know if any of our plans and/or policies change.

Sincerely,

Dr. David Mellinger, Camp Horseshoe Director

Dr. Peter Motel, President of the Board
